Experiences

Jan 2020 — Now

Digital Entrepreneur

Self-employed

- I developed a complete digital e-commerce platform integrated with Shopify (WONKA Project), featuring digital inventory management, delivery automation, and international customer service.
- I created and marketed scripts (C# and C++) and developed automations for a community with over 5,000 active users in the global market.
- I have strong English proficiency with global clients and experience developing front-end solutions with AI integration.

Mar 2018 — Nov 2018

Telemarketing Operator

LSAT Operadora

- Direct customer service with assertive communication and quick resolution of demands.
- Digital marketing actions using CTAs for customer acquisition and engagement.
- Working in a high-performance environment with goals and quality standards.

Featured Projects

rc.dev HTML CSS JavaScript Personal Portfolio

- Modern portfolio with bilingual support (PT/EN), responsive design, dark mode, and accessibility practices.

PromptAI Prompt Engineering IA Python Prompt Generator

- Web application for optimizing commands for AI models (ChatGPT, Claude, Perplexity, Midjourney, and others)
